

Care and Cleaning

The surface of all Florence products may be cleaned with any mild detergent or properly diluted biodegradable water-based cleaner (such as Simple Green™) and a soft cloth.

The use of petroleum-based solvents, ammonia, harsh abrasive cleaners, or scrubbing sponges is not recommended, as in some cases it may damage the product. Cleaning with a damp soft cloth is appropriate.

Touch-up paint may be available from an Authorized Florence Dealer for those products which utilize powder coating.
