

versatile™ 4C
- all models -

The Florence versatile™ 4C mailboxes provide an easy-to-use, simple 'pre-configured' suite of mailboxes which all meet or exceed every security requirement of the USPS STD-4C regulation for wall-mounted receptacles. With over 80 different individual modules, PLUS configurable options to select from, Florence has the most extensive line of USPS Approved 4C products and accessories on the market today.

Color Notes:

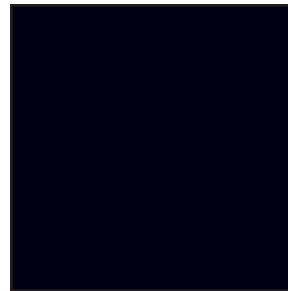

- Pantone color numbers shown in parentheses for reference purposes only.
- Color and finish noted here are available on the entire versatile™ product line.
- Colors shown here may vary slightly due to printing process / screen resolution.
- Powder coat paint samples available by request online at florencemailboxes.com.
