RE: Tornado Cleanup

Valued Donor:

The City of Manhattan would like to thank you for your support of the cleanup efforts following the tornado on June 11, 2008. There were many Manhattan residents in need and our community pulled together to help them move towards recovery. Your donation of gloves and safety glasses helped both the volunteers and those in need of assistance. Although you didn't have to make a donation, you did, and that assistance was invaluable.

The City is still working to be fully recovered from the storm. The process is well underway and much progress has been made. With businesses like yours and the strong members of our community there is no doubt that we'll continue to work until the job is done.

Many Thanks,
