

# Manufacturing Engineer

Florence Manufacturing, the leading manufacturer of postal specialty products and electronic collections, located in Manhattan, KS, is seeking to fill a full time position for a Manufacturing Engineer. The ideal candidate should have experience in the following:

- Developing time studies across a broad range of processes
- Designing plant layouts
- Programming CNC fabrication and milling equipment
- Sourcing and designing punch press and brake press dies
- Selecting and implementing new technology
- Familiar with brake presses, punch presses, shears, extrusion saws, CNC milling EQ and powder coating
- Experience with Lean Manufacturing preferred

Come to work with a dynamic team of engineers, working on exciting projects in a growing, vibrant college town with great amenities for families and singles.

Benefits includes: health, dental, vision and life insurance, EAP, short-term and long-term disability, nine paid holidays and a 401k program

Please send your resumes to Florence Manufacturing via email to [hr@auth-florence.com](mailto:hr@auth-florence.com) or fax at (785) 323-4474. Florence Manufacturing is an EOE and a drug free workplace
